SKIN CARE SERVICES

FACIALS

Pamper yourself with one of our customized facials! Try our soothing 30 minute Express Facial customized to meet your individual needs. Also available is a decadent European Facial which includes deep cleansing with steam, massage of the shoulders, back of neck & décolleté, a customized mask, moisturization & sunscreen protection.

CHEMICAL PEELS

We offer a selection of chemical peels designed to address a variety of skin conditions. Chemical peels are used to smooth & improve the texture & pigment of skin through chemical exfoliation. Our aesthetician will analyze your skin to determine which peel will be best for your skin type.

ECLIPSE MICROPEN ELITE

Clinical microneedling procedure for the treatment of the appearance of fine lines, acne scars, skin texture, tone & pigment. During the procedure, the Eclipse Micropen is used to create controlled micro-injuries to the skin in order to aid in the stimulation of collagen production.

FACIAL WAXING & BROW/LASH TINTING

For those that cannot do laser hair reduction, facial waxing services are available. Freshen up your brows or clean up your upper lip & chin hairs. Brows & lashes can also be enhanced in color by having a tint treatment done by our aesthetician.

DERMAPLANING

Want to remove the "peach fuzz", try dermaplaning! Vellus (aka peach fuzz) hair is removed by the aesthetician with a sterile blade, also removing/exfoliating dead skin cells leaving a fresh, smooth canvas ideal for special events as makeup goes on flawless!!

SILK PEEL DERMAL INFUSION

A non-invasive, 3 in 1 treatment that simultaneously exfoliates, extracts & infuses skin with condition specific serums, similar to microdermabrasion but better! No downtime!

COSMETIC SERVICES

INJECTABLES

Softening of fine lines, wrinkles, correction of volume loss & reduction of submental (double chin fullness), Botox Cosmetic & Dysport Juvederm & Restylane Dermal Fillers Kybella.

FRACTIONAL SKIN RESURFACING

FRACTORA is an ablative treatment using microneedling with radio frequency which decreases wrinkles, improves skin complexion, reduces skin irregularities (acne/acne scars) for a younger looking you! Also able to treat hyperhidrosis.

THERMAL CONTRACTION

FORMA & FORMA PLUS use non-invasive radio-frequency technology to stimulate the formation of new collagen, improve skin elasticity, & assist in deep layer skin contraction, which are typically used on face, neck & certain parts of the body.

MICROBLADING

Microblading is typically used on eyebrows to create, enhance or reshape their appearance in terms of both shape and color.

SKIN RENEWAL & CLARITY

LUMECCA is an IPL (Intense Pulsed Light) used to treat pigmented and vascular lesions. Improves skin complexion & clarity.

BODY RESHAPING

BODY FX is a non-invasive body contouring treatment that uses radiofrequency, deep tissue heating & suction coupled with negative pressure to get rid of stubborn fat & diminish cellulite.

PERMANENT LASER HAIR REDUCTION

DIOLAZE XL is a comfortable, safe & effective treatment for the reduction of unwanted hair. It can be used in most areas of the body including bikini, legs, arms, chest, back shoulders, stomach, neck chin & sideburns.

FEMININE HEALTH REVITALIZATION

Helps improve sexual dysfunction, laxity of the labia & muscle tone of the pelvic floor.
